

IR-EW01~EW10 Extension Wire Harnesses

We offer various extension wire harnesses for your application as below.

Extension wires for TTL/PWM

Part #	Comm.	Length	AWG	Connector	Packing Unit
IR-EW01	TTL/PWM	1000mm	0.08x60 (22AWG)	Molex to Molex (3pins) (Molex PN#5037-5033)	1
IR-EW02		2000mm			1
IR-EW08		500mm			1
IR-EW05		200mm			5
IR-EW06		200mm		Molex to RC/Arduino(PWM)	5

3pins TTL/PWM

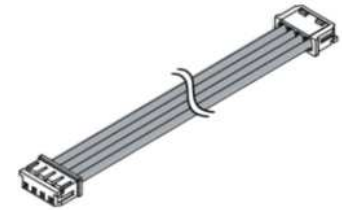

3pins PWM

Note that All TTL/PWM actuators basically have 1 x 3pin 200mm wire. IR-EW05 is an optional 3pin 200mm wire harness (5pcs in a set).

Extension wires for RS-485

Part #	Comm.	Length	AWG	Connector	Packing Unit
IR-EW03	RS-485	2000mm	0.08x60 (22AWG)	Molex to Molex (4pins) (Molex PN#0510650400)	1
IR-EW04		4000mm			1
IR-EW09		500mm			1
IR-EW10		1000mm			1
IR-EW07		200mm			5

4pins RS-485

Note that All RS-485 actuators basically have 1 x 4pin 200mm wire. IR-EW07 is an optional 4pin 200mm wire harness (5pcs in a set).

※ Please note that all above wires are NOT shielded.

Thank you.
