

Item # 11080, 2 in 1 Combination Scissor

2 in 1 Combination Scissor

This scissor has a unique 2 in 1 cutting blade and can trim and cut materials that would not be possible with a normal scissor.

- Easily trim materials such as nylon fiber, cable cord, Kevlar etc.
- Gives you a fine flush cut
- Notched blades prevent the material to be trimmed from slipping
- U-types notches on the blade allows you to hold items such as copper wire, cable or insulated cords etc. firmly in place
- Soft grip for added comfort
- Stainless Steel with blade hardness of HRC 54
- Length 170 mm (6-1/2")
