

KNIPEX TwinGrip Pliers

Easily grip stripped screws and bolts with the front and side gripping areas

Box-joint design for added tool stability

Push-button slip joint pliers

Unique front jaw gripping area

Pinch guard prevents operators' fingers being pinched

5 Adjustment positions up to 7/8" capacity

Optimized side jaw with opposing teeth for maximum force

KNIPEX TwinGrip Pliers

- ▶ Unique combination of front and side gripping
- ▶ Slim head design for working in confined spaces

- > Gripping capacity for diameters and widths across the flats from 5/32" to 7/8" (4 to 22 mm)
- > Side gripping jaws for round, square and hex materials
- > Reliable gripping of flat workpieces due to the three-point system
- > Pinch guard prevents operators' fingers from being pinched
- > Durable construction due to box-joint design
- > Gripping surfaces with special hardened teeth (approx. 61 HRC)
- > Forged from high-grade chrome vanadium electric steel, oil-hardened
