LONG-NOSE WIRE STRIPPER/CRIMPER

1009

HVAC\R

This multi-purpose tool cuts and strips 10-22 AWG solid and 12-22 AWG stranded wire as well as crimps insulated and non-insulated connectors.

The tip is designed to grab, pull and bend wires. It's optimized for ideal leverage when cutting and crimping. Precision shear-type blades make cutting easier.

Strips 10-20 solid, 12-22 stranded wire

Tip designed to **grab, pull and bend** the smallest of wires

Precision shear-type cutting blades for **easier cutting**

Crimps insulated and non-insulated connectors

Optimized for **ideal leverage** when stripping and crimping

Do NOT use to cut steel wire
