Two Post Mounting Clamping Shelf *RACS Series*

200 lbs (91 kg) Weight Capacity

This rack shelf has been designed to provide superior ventilation for both cable and satellite boxes as well as other components that generate considerable amounts of heat. Featuring two adjustable foam-padded mounting bars for securing components without fear of scratches.

Features

- Allows easy rack mounting of narrow equipment or items that do not have rack mounting capabilities.
- Includes two adjustable gaskets (to protect from scratching the clamped equipment) horizontal clamps.
- Designed for equipment requiring front adjustment without sliding around the shelf (ie...pushbuttons, jacks, plugs, dials etc.).
- Choice of four clamp locations depending on the depth of the equipment.
- Choice of three shelf heights (see table below).
- Mounted equipment height should be at least 1/2" shorter than shelf "panel height" to allow clearance for the gasket clamps (see table below).
- Provides a sturdy shelf without obstructing upward heat movement.
- The rear lip is folded up for extra strength & doubles as an equipment retainer.
- 14-gauge steel construction.
- Tested to nearly double the suggested load rating of 200 lbs (91 kg).
- Rugged textured RAL9005 black powder paint finish.
- TAA-compliant for GSA Schedule purchases.
- RoHS and REACH compliant.
- Manufactured in North America.
