

KS63-1/2X13-PF

Ruland KS63-1/2X13-PF, Star Knob, 63mm Knob Diameter, 1/2x13 tapped hole, Plastic Knob, Zinc Plated Steel Insert

Description

Ruland KS63-1/2X13-PF is a star knob with a 63 mm knob diameter, and 1/2x13 tapped hole. This star knob is used to quickly adjust conveyor guide rails, screens, sensors, and other industrial components without tools. It mates to hardware with 1/2x13 threading. The knob is made of shock-resistant technopolymer plastic with a matte black finish and the insert is made from zinc plated steel. This combination makes them a good fit for most industrial applications. The grooves of the star-shaped knob offer an ergonomical grip, making it easy to tighten and loosen as needed. It is ideal for confined spaces due to it's small dimensions and tool-free operation. KS63-1/2X13-PF is manufactured by Otto Ganter, inventoried by Ruland, and RoHS3 compliant.
