Caution: Halogen lamps operate under pressure and may shatter - use appropriate screening techniques to protect people and surroundings. Do not operate in close proximity to persons, combustible materials, or substances affected by heat or drying. Do not operate over 110% rated voltage because such operation increases pressure, tendency to shatter and ultraviolet output may cause skin and eye irritation with prolonged exposure. Protect bulb from abrasions and scratches. Do not insert lamp when power is on. Follow operating instructions.

Housings & Lens Assemblies

T-2 Indicator Single Socket Assemblies

Choose your cap or lens...

Add a T-2 Indicator lamp...

- 16ESB
- 24CSB
- 24ESB
- 28ESB
- 48ESB

Round Lens Square Lens

And insert into socket.

Dimensions
Round Lens: 0.70" x 0.48" high
Square Lens: 0.70" x 0.48" high
Sockets: 1.14" M.O.L.
Mounting Hole: 0.50" diameter
Material: Zytol #101

#30151 Square Flanged Socket

#30153 Round Flanged Socket

Tinnerman Clip

Single Socket Assemblies are supplied with 0.63" x 0.91" Tinnerman Clips that hold the assemblies to the panel.
