

Semelab

Mil / Aerospace Division

LINEAR ICs — BS 9000 QUALIFIED PRODUCT

Semelab holds BS9000 approvals for much of its range of linear integrated circuits listed below.

All the products listed can be screened to the full requirements of MIL-STD-883B, other national specifications, or to customers' own specifications.

Products are released in accordance with the company's and product approvals:-

BS9000, AQAP1 (BS5750 during life of this catalogue), standard C of C etc.

Products approved for supply to DESC are listed on page 27.
