

## Features

- \* Unique row jumper for multiple contacts.  
Variable circuits available.  
High current applications
- \* Material :           Housing - PBT 94V-0.  
                          Contact - Phosphor Bronze
- \* Plating :             Tin and Gold plated options.
- \* Electrical :         Current 1Amp.  
                          Insulation resistance 5000 M ohms.  
                          Dielectric 500 VAC.
