

RoHS Certificate of Compliance

This document is to certify that the following TDK-Lambda products listed on the following pages comply (or are targeted to comply on the dates specified) with the requirements of the RoHS European Directive 2011/65/EU and 2015/863/EU.

General Requirements of the Directive:

- 1) <0.1% by weight in homogenous materials for lead
- 2) <0.1% by weight in homogenous materials for hexavalent chromium
- 3) <0.1% by weight in homogenous materials for mercury
- 4) <0.1% by weight in homogenous materials for PBB
- 5) <0.1% by weight in homogenous materials for PBDE
- 6) <0.01% by weight in homogenous materials for cadmium
- 7) <0.1% by weight in homogenous materials for DEHP
- 8) <0.1% by weight in homogenous materials for BBP
- 9) <0.1% by weight in homogenous materials for DBP
- 10) <0.1% by weight in homogenous materials for DIBP

The products may claim exemptions 6a, 6c, 7a, 7c-I, 7c-II, 8b and 34.
For definitions and exemptions, please see the RoHS Directive 2011/65/EU (including Annex III).

Please contact TDK-Lambda for models not listed.
