Discontinued - Superseded by PTX-KIT2DH and PTX-FLA

Specifically designed to wrap or unwrap 22-24 AWG wire quickly and easily, this patented wrap/unwrap tool prevents injury to the palm by preventing repetitive motion and stresses. This wrap/unwrap tool features the following:

- Included Bit & Sleeve Set wraps/unwraps 22-24 AWG wire, and separate bits can be purchased for other wire gauges (18-32 AWG)
- High-powered 3700 RPM motor can handle even the heaviest gauges of wire
- Dual-finger short-throw trigger and long handle are ergonomically certified for a comfortable experience
- Ergonomically designed with dual-finger short-throw trigger and long handle for preventing injury
- Rugged lightweight housing includes a low battery indicator and permanent wrap/unwrap switch
- Permanently attached collet nut makes changing bits a cinch
- Rated for use up to 2500 cycles/day
- (2) Included 3.6V NiMH Battery required for operation
- Rugged 5-Pocket Tool Pouch included for convenient storage
- Additional bits and sleeves can be purchased in Jonard's [Bits & Sleeves](#) section

This kit includes:

- [PTX](#) Battery Powered Wrap/Unwrap Tool
- [PTX-BC2](#) PTX Battery Charger, 230V
