Power Extension Cord, C19 to Right Angle C20 - Heavy Duty, 20A, 250V, 12 AWG, 2 ft., Black

MODEL NUMBER: **P036-002-20RA**

Heavy-duty extension cable with right-angle C20 end allows connection of C19/C20 high-output devices in tight spaces or awkward angles.

Features

20A C20-to-C19 Power Cable for Network Devices That Require a Heavy-Gauge Connection This heavy-duty extension cord features 12 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. This cord can be used to connect a server, router, network switch or blade server enclosure to a UPS system or PDU or replace or upgrade the standard power cord provided by the device's manufacturer. The two-foot length helps reduce cable clutter and minimize the risk of tripping.

Right-Angle C20 Plug Makes Connecting in Tight Spaces Easier The C19 to C20 right-angle cable is easier to install in confined spaces, such as the back of a rack enclosure cabinet. When plugged in, the right-angled C20 plug guides the heavy-duty extension cable parallel to your peripheral, allowing you to push the device up against a wall or hide it behind a desk to maximize space.
