Product Description

Strict building code requirements for cabling in plenum spaces have created installation challenges in settings such as schools, hospitals and other commercial buildings. C2G has expanded its connectivity portfolio to include a line of cables that are ideal for routing through plenum space above dropped ceilings or under raised floors.

Applications include voice/data/video distribution; this cable will handle bandwidth-intensive applications. Meets all Cat5E TIA/EIA standards, and reduces both impedance and structural return loss (SRL) .

Constructed from high quality plenum cable, this design minimizes Near-End Crosstalk (NEXT) levels. Available in Gray, Blue and Black to easily color-code your network installation.

Product Features

- Rated for Plenum, in-wall installations
- Cat5e cable with standard RJ45 connectors
- Available in lengths up to 100ft
- TAA Compliant

Product Specifications

Color :	Grey
Length :	3.00 Foot
Jacket Rating :	Plenum
UPC :	757120152262
Warranty :	Lifetime
Vendor :	C2G
Weight :	0.084 LB

- Connectors: 50 micron gold plated RJ45
- Wired: 568B
- Tested to 350MHz
- TIA-568-C.2
- RoHS Compliant

Product Uses

- 10Base-T
- 100Base-T
- 1000Base-T
- 155Mbps ATM
- 4/16Mbps Token Ring
- TP-PMD
