TECHNICAL DATA SHEET

ORANGE HAMMER Asphalt & Tar remover

DESCRIPTION

Orange Hammer is a powerful asphalt and tar remover. It is fast acting. It works on contact and quickly removes asphalt and tar from all types of hard surfaces. It is also a great degreaser. It removes oil and grease, tire marks, dead insects and many other stains and dirt.

Orange Hammer is a novel *water-based* cleaner. Designed to meet the toughest challenges, it exhibits the synergy of highly effective wetting agents and powerful solvents.

Orange Hammer is environmentally and user friendly.

Orange Hammer offers many more features and benefits, such as:

- Water-based
- Low VOC
- Contains renewable and biodegradable solvents
- · Better performance than diesel or straight solvents
- · Readily water soluble
- Easily rinsed
- Fast acting
- Pleasant odor
- Ideal for trucks, large and small equipment
- Good on concrete floors

| Appearance at 25°C | Clear Yellow liquid |
|----------------------------|---------------------|
| Specific gravity | 0.95 |
| Pounds per Gallon at 25 °C | 7.91 |
| pH, Neat | 9.00 to 9.50 |
| Flash Point °F | >100 |

USE & APPLICATIONS

Tar & Asphalt Removal:

Apply product by brush or spray onto asphalt or tar spots. Allow to dwell for 2-3 minutes; scrub as needed. For best results, rinse thoroughly with high-pressure water.

Concrete & Shop Floors:

Apply product to soiled area. Allow it to dwell for 3-5 minutes; scrub as needed. For best results rinse thoroughly with warm high-pressure water.

AVAILABILITY

Orange Hammer is available in 5-gallon pails, 55-gallon drums, totes and bulk.
