

## TECHNICAL DATA SHEET

Part#: 5B-SA-ET

Tweezers - Bent Ultra Fine Point - ★★★- Anti-Mag. SS - Ergonomic

The 5B-SA-ET three star 45° bent and tapered ultra-fine pointed tweezer is primarily used for microscopy. The bent tip offers access in very difficult areas. It is made of anti-magnetic Neverust<sup>®</sup> stainless steel. It also features Ergo-Tweeze<sup>®</sup> soft cushioned ESD safe ( $10^{10}$  ohms/sq) grips.

- Precision Level                    ★★★
- Material                            Anti-Mag. SS (316L)
- Surface Resistivity               $10^{10}$  ohms/sq
- Shape                                Bent
- Group                                Tweezers
- Weight (OZ)                      1.5
- Tip Size (CTM)                  .004" (.1mm) x .002" (.05mm)
- Tip Angle                          45°
- Tip Length                        .215" (5.5mm)
- Body Width                        0.75" (18.75mm)
- Body Height One Leg          0.5" (12.5mm)
- OAL                                 4.75" (118.75mm)
- Country of Origin                Switzerland
- UPC                                 662847002885
- Schedule B                        8203.20.20.00
- Harmonization Code          8203.20.20
- ECCN                                EAR99
- UNSPSC Code                    27112105
